

Listening - Tim Patterson

I know I am loud.
I know, because you've told me
to shut up and keep my voice down.
But with refusal of a realistic discussion
and acknowledgment of true issues
it's my only option.
Shutting down.
Talking and taking over with
Nothing going through
No remarks
No answers
Where have manners gone?
Did they leave with self-control and
respect?
Nothing.
LISTEN!
Something in the way
Stopping, breaking.
What are you doing?
What am I doing?
Caught in the insanity.
God is watching.
